2010-2011 End of the Year Appeal

Serving the Hispanic Community in Milwaukee Since 1964

June 1, 2011

Dear Friend;

The Council for the Spanish Speaking, Inc. has been supporting **your** Milwaukee County Community for over 45 years. Your friends, family and neighbors have benefitted from the many programs the Council offers from pregnant mothers all the way to the elderly; and from its extensive advocacy in areas such as families and children, immigration, health care, education and bilingual social services.

Perhaps you have had the opportunity to visit a Head Start location and a young child singing a welcoming song put a smile on your face. Or maybe you have experienced the joy of seeing an at-risk student graduate from our high school. You surely can't help but be moved knowing an elderly woman has found a permanent home at one of the housing apartments; you may have been brought to tears when witnessing the naturalization of a Council client; or you may have participated in one of the many workshops offered by us or our partners seeking an end to inequalities in education and law enforcement, or disparities in health. At the Council, these things happen almost on a daily basis.

Most of our programs receive government grants. We consistently apply for grants to supplement our work, and are grateful when funded, but to support our work **we need local contributors**, who are a primary source of funding for the Council.

If you have demonstrated support in the past with a financial contribution or by volunteering, we ask that you consider supporting us again by donating to this year's end of the year appeal. In addition, we are offering you an opportunity to become a founding member of "**Friends of the Council**", a group of people who understand the concept that a small amount, given consistently by many people, can accomplish great things! To start, we are looking for a group of 100 friends who are willing to give \$25 or more per month. This will go a long way in meeting our operating needs and providing your neighbors the **opportunity for self sufficiency**.

Please fill out the information below. Send it with your donation to "Council for the Spanish Speaking" End of the Year Appeal.

Yes, I would like to support the Council for the Spanish Speaking with a donation!
